Appraisal Is Blocked by Tax Assessor

The proposal to re-establish the 1958 property appraisal plan came to an abrupt stop Tuesday night at the courthouse when County Tax Assessor Carter Sutton refused to tell a meeting of taxing units that his office would co-operate with them in the program to bolster the assessing system.

Near the end of the meeting, held in the small courtroom in the courthouse basement, Mrs. Frank King, president of Hope School Board, asked the tax assessor:

"Mr. Sutton, having heard our program outlined, will your office co-operate in what we are trying to do?"

"I'll have to think it over. I'll take it under consideration," the tax assessor replied.

William R. Rounton, Hope school director, said:

"But we can't move until we know we are going to have your co-operation. When can you give us your answer?"

"Pretty soon," replied the tax assessor.

5-Mill Tax Beaten

Tuesday's meeting of the tax units was the outgrowth of a Hope School Board session earlier this month at which the re-establishment of the 1958 property appraisal program was endorsed. It was originally proposed by the Hope Real Estate Association as an alternative to a 5-mill tax increase for the local school district — which has been twice beaten by two-to-one majorities.

Speakers Tuesday night pointed out that Hempstead county is one of the lowest assessing ratios per school child of any county in the state, and that this situation needs to be remedied before any increase in millage is authorized.

Mrs. Ed McCorkle, deputy tax assessor, reported that the 1961 assessment figures cleared by her office show the following increases over 1960: City property \$48,000; rural property \$5,000; personal property \$12,490; utilities \$227,000.

Columbia and Union

Hope School Supt. James H. Jones made the following report on what Columbia and Union counties are doing today to help the tax assessor, following a complete property check by out-of-county appraisers:

Results of check with Magnolia and El Dorado on what they are doing about assessments after re-assessment program.

Magnolia

No one employed to work with Tax Assessor's office since appraisal program.

Have a good assessor.

Assessments have been holding the line and show increase over year before. They have been talking about employing a person to work with assessor's office (on same plan as ours).

They had professional appraisers about three years ago.

El Dorado

El Dorado employs a man for about two months a year, during assessing time. He works more with new property and improvements. He is not a member of the Equalization Board but works with them when they are in session.

He is an F.H.A. appraiser and worked with the appraising firm when El Dorado went through this program.

He has been working four years for El Dorado School District. The County, School District and City of El Dorado pay for his services. \$1,024.00 was paid last year by the School District, which represented about one-half the cost. The County Tax Units outside of El Dorado School District do not participate. They plan to continue this program.

There is complete cooperation between County, School District and City on the above plan.

Trans-Texas Adds 26 Cities to Route

HOUSTON, Tex. (AP) — Trans-Texas Airways will start 16 new flights to serve 26 cities in Texas, Louisiana, Arkansas, Tennessee and Mississippi on Feb. 1.

Max King, director of traffic and sales for the Houston-based airline, said Convaits will be used for the new flights.

The new flights include trips to Little Rock, Memphis, Dallas, Beaumont - Port Arthur, Lufkin, Longview - Kilgore - Gladewater and Tyler.

Taxing Units Discuss Property Appraisal

Contax wide-angle photo, Washburn

Du Pont Tax Cutback Approved

WASHINGTON (AP) — The Senate has passed a measure that would cut millions of dollars from the tax bill of Du Pont stockholders in the event they receive \$3.5 billion in General Motors stock from an antitrust decision.

Senate passage late Tuesday, after a week of debate and months of maneuvers, completed congressional action on the legislation. The House passed it last September. President Kennedy's approval was considered certain.

The Supreme Court has ruled that Du Pont's possession of 63 million shares of G. M. violates antitrust laws and that the chemical firm must dispose of it.

Du Pont said it would prefer to do this by distributing the shares to its stockholders but could not because of the heavy taxes under present law, which would require the recipients to pay on the full value of the G. M. stock at regular income tax rates.

The tax relief measure would permit them to pay at capital gains rates—half the normal income levy up to a 25 per cent maximum—and only on the difference between what they paid for Du Pont and what the G. M. now is worth.

This means an estimated two-thirds of the 200,000 Du Pont stockholders would not have to pay a tax on receipt of the stock.

The bill would reduce the taxes on such a distribution from more than \$1 billion to about \$470 million.

REPRESENTATIVES OF HOPE SCHOOL DISTRICT, CITY OF HOPE, and OAKHAVEN TOWN met Tuesday night in the small courtroom in the basement of the Hempstead county courthouse and discussed resumption of the 1958 appraisal program to bolster property assessments.

IN THE PHOTOGRAPH, WITH BACKS TO CAMERA, Sam McGill, Hope School Board director; and Mrs. Frank King, president of Hope School Board.

AROUND THE ROOM, BEGINNING AT LEFT: WILLIAM R. Rounton, school director; George T. Frazier, school director and member of the City of Hope Board of Directors; G. G. Medders, city manager; and behind him, County Tax Assessor Carter Sutton; H. E. Sutton, member of the County Equalization Board; John B. Lowe, mayor of the Town of Oakhaven; Mrs. Lowe, Hope school director; and behind her, Eldridge Formby, member of the County Equalization Board; Mrs. Ed McCorkle, deputy tax assessor; and behind her, B. W. Jackson; Mrs. Charles O. Thomas; C. W. Wilson, administrator Hempstead Memorial Hospital; and James H. Jones, superintendent of Hope Schools.

Russia-China Row Over Red Strategy So Intense That Neither Side Can End It

By JOHN M. HIGHTOWER

WASHINGTON (AP) — The row between Russia and China over Communist strategy for communizing the world has become so intense neither the Soviet nor the Chinese leaders have the power to put an end to it.

U.S. officials said that the dispute could lead to an outright split between the two huge Communist powers although they do not think this is at all probable, at least in the foreseeable future.

What they do expect is a continuation of the bitter argument which has produced a sharp ideological division between Moscow and Peking with a steady but slow worsening of relations between the two Communist governments.

The U.S. policy toward this cold war within the Red bloc is to sit by and see what happens; officials feel that any open effort to exploit the Communist differences would probably backfire.

Evidence is found in a Moscow broadcast to China last week that the Soviet leaders may now be trying to reach over the heads of the Red Chinese leaders and persuade the Chinese rank and file Communists that Soviet policy is right.

The broadcast, made in the Continued from Page Three

Kiwanians Hear About Church Music

Music has played a vital part in Christianity from the day of Moses down through the ages. Gilbert Thomas, music-education director of the First Baptist Church, told Hope Kiwanis Club yesterday.

He pointed to various scriptures in connection with the singing of songs, including the music which heralded the Christ birth.

He told of the advance and progress of music in churches throughout the western world in recent years, which he said had become a vital part of the worship service.

Following his talk, a First Baptist quartet including Mr. Thomas, Dr. Lowell Harris, Andy Andrews and George Keith, were presented in two numbers, accompanied by Miss Dora Ann King at the piano. Kiwanian Ed Thrash arranged the program.

Ex-Resident of Washington Dies

Mrs. Susie Monroe Wimber, a former resident of Washington, died Jan. 20 at New Orleans. Survivors include a daughter and three sons and a sister, Mrs. Elizabeth (Pink) Horton of Washington.

U. S. - Russia Film Being Promoted

Braggs Russia Could Cripple All the U. S.

MOSCOW (AP) — Defense Minister Marshal Rodion Y. Malinovsky asserted today Soviet rockets could blast all U.S. "industrial and administrative-political centers" into the heavens in a single blow. He also called for better U.S.-Soviet relations.

Malinovsky coupled hard words with soft in an interview with the Communist party paper Pravda in which he sharply assailed U.S. Defense Secretary Robert S. McNamara and New York Gov. Nelson A. Rockefeller.

Malinovsky said McNamara's declaration before the Senate Armed Services Committee that the United States is capable of destroying selected Soviet targets was boastful and was "directed not at the improvement of relations between the Soviet Union and the United States, but at inciting passions of war hysteria, and in the final analysis stepping up the arms race. And the arms race has always been the road that led mankind to war."

Malinovsky charged that secretary McNamara and other U.S. administration officials are whipping up war hysteria because they hope that corporations for which they once worked will make great profits.

He said Rockefeller has been "exploiting unscrupulously the peoples' fears" with a campaign for the construction of nuclear shelters.

"Tremendous sums are spent on this which are transferred from the pockets of taxpayers into the safes of monopolies engaged in this profitable business," Malinovsky said.

But every sober minded person realizes that shelters against atom and hydrogen bombs are nothing but a coffin, a grave prepared in advance."

Sonic Booms

LITTLE ROCK (AP) — The Air Force has issued a sonic boom warning for the air corridor between Little Rock and St. Louis from 10:45 to 11 p. m. today.

By PETER GROSE
LEOPOLDVILLE, the Congo (AP) — Loyal Congolese government troops and a team of UN administrators have been flown to the north Katanga town of Kongolo, where troops on New Year's Day massacred 19 white Roman Catholic priests.

The contingent of 160 Congolese troops radiated that the Kongolo airfield was safe for the arrival of Gen. Victor Lundula, the Congo army's eastern commander, who was to fly there today with two UN Red Cross representatives.

The first message gave no details of the situation in the town, but it was believed the troops who shot the priests before a crowd of terrified school children had pulled out of the town.

UN aerial reconnaissance over the area has revealed troop movements along the road leading out of Kongolo, including to Sula, where they are believed to have overrun another Roman Catholic mission.

In Leopoldville, deposed leftist Antoine Gizenga was transferred under guard to a military camp during the night.

He is under arrest to await trial for secessionist activities against the central government, later this week.

Youth Held for Break-in at McNab

Sheriff Jimmie Griffin said today a 15-year-old McNab boy had been arrested in connection with a house break-in at McNab. The Sheriff said the youth took a shotgun, fruit and other items from Arlepta Scott's home. A hearing in juvenile court has been set for later this week.

Contracts Total \$86 Million

WASHINGTON (AP) — Military contracts announced by the Navy, Air Force and Army Tuesday totaled more than \$86 million. Army contracts included: Weymouth Construction Co., of Memphis, \$1,205,000 for concrete mattresses to be used in revetment works along the Mississippi River near Helena, Ark.

16 Die in Violence in Venezuela

By RICHARD G. MASSOCK

CARACAS, Venezuela (AP) — Sixteen persons were reported killed and 80 wounded Tuesday in left-wing violence in which military police battled snipers.

Bombs exploded in scattered parts of the city and eight buses were burned during the fighting in the second day of clashes brought on by leftist agitators against the government of President Romulo Betancourt.

Twenty-three persons have been killed and more than 100 injured in the disorders which coincided with the meeting of Western Hemisphere foreign ministers at Punta del Este, Uruguay, to consider action against Fidel Castro's Cuba.

The violence was accompanied by a nationwide transit strike called in defiance of the government.

Caracas appeared fairly calm this morning after a night in which heavy gunfire was heard in many sections of the city.

Caracas' Central University, where police said pro-Castro extremists held up and fired on them, was cleared of its students by university authorities.

Two hundred persons were reported arrested. All government schools were ordered closed to prevent students from being used by pro-Castro elements in disorders.

Undecided About Flu Epidemic

LITTLE ROCK (AP) — The state Health Department started Tuesday on whether Arkansas has an influenza epidemic.

Dr. William L. Bunch Jr., director of the Division of Communicable Disease Control, confirmed several areas are reporting high incidence of flu cases but added he felt some school absenteeism might be due to bad weather and icy roads.

Bunch noted, however, that the Health Department warned several months ago of the possibility of a flu outbreak and urged everyone to get an anti-flu vaccine.

It is too late to get the vaccination after exposure, he said Tuesday, because the virus acts in two or three days and it takes the vaccine two or three weeks to become effective.

Bunch said 1,000 cases of flu had been reported in the Poca-hontas area in the past eight days.

Schools at Searcy, Judsonia, Bergman and Lead Hill closed. Bentonville reported 20 per cent absenteeism, Fayetteville 18.5 per cent, and Harrison 14.3 per cent Tuesday.

About 5 per cent absenteeism is normal.

Warns Some May Intervene in Cuba on Their Own

By WILLIAM L. RYAN

PUNTA DEL ESTE, Uruguay (AP) — A leader of the drive for stern punishment of Prime Minister Fidel Castro's regime in Cuba warned the hemisphere today some nations may intervene in Cuba on their own unless the Organization of American States acts forcefully.

The warning was delivered by Colombia, sponsor of the resolution which produced the Punta del Este conference of inter-American foreign ministers on Cuban communism.

General debate opened a few hours after Latin America's two most powerful nations, Argentina and Brazil, joined in a common front proposing hemispheric co-existence with Cuba while condemning Castro for embracing communism.

Opening the debate, Colombian Foreign Minister Jose Joaquin Calles Castellanos demanded a collective economic and diplomatic break with Cuba by all 20 nations sitting in judgment here. His call was echoed by Guatemala.

Calles did not say which nations might intervene in Cuba. Countries such as Colombia and the Central American nations have felt heavy pressure from Castro communist infiltration tactics.

The Colombian stand expressed feelings of a group, including the United States, which seeks the strongest possible action against Castro. The speech won prolonged applause from the delegates, many of whom have been working for milder action.

Guatemala's foreign minister, Jesus Unda Munilla, denounced Cuban ties with the Soviet Union and Red China and called the current OAS attitude suicidal.

He contended it is farcical to talk about the principle of self-determination with regard to Cuba, a communist state. Guatemala, a target of Cuban attacks, provided one of the training grounds for the anti-Castro force which staged the ill-fated Bay of Pigs invasion of Cuba last April.

The agreement between Argentina and Brazil, who have led rival blocs at the inter-American foreign ministers conference, came in the early morning hours, in advance of the conference's first full-dress public debate.

Argentina and Brazil pushed ahead with a compromise proposal to bar Fidel Castro's government from a voice in deliberations.

Bids to Be Taken on Sewer Work

Approval of a \$24,512 federal grant to be used in connection with various sewage projects in Hope signaled the go-ahead today and bids will be taken after Feb. 1 on replacing a large part of the old sewer main system in the city at a cost of \$210,000.

At the same time bids will be asked on construction of a new sewer system for the east section of the city. This includes almost all of the area not presently served by a sewer system. The project includes construction of three lift stations and an outfall main to discharge the sewage into the east side treatment plant.

The work is scheduled to begin in early spring in order for completion of all the work during the summer months. The \$24,512 grant covers some parts of each of the two jobs eligible for federal aid up to 30 per cent of the total cost.

While this work is in progress a lagoon system will be built to take care of the sewage flow from Oakhaven and the Proving Ground. Sewage from this area is being discharged into a flowing stream.

Pressured by the State Health Department has forced the city of Hope to correct this condition.

Plateau Area Having Zero Weather

By THE ASSOCIATED PRESS

Zero weather clung to the cen-
tral Plateau region today but
temperatures moderated across
most of the nation from the cen-
tral Rockies into northern New
England.

Light snow and rain hit scat-
tered sections of the country.

The zero belt stretched across
areas in eastern and southeast-
ern Idaho, northern Utah, south-
ern Nevada and southeast Ore-
gon. In Idaho it was -14 in Idaho
Falls, and -10 in Pocatello and Du-
bois. Salt Lake City reported -8
below.

For the first morning in more
than a week many Midwest and
Rocky Mountain areas reported
temperatures above zero. Read-
ings were generally from 10 to 20
degrees from the central Rockies
into northern New England al-
though the mercury edged near
zero in some parts of northern
Maine.

A cool front was stalled across
central Georgia and southern
parts of South Carolina and Ala-
bama but Tuesday's freezing
weather in Tennessee moderated
in most sections to a little above
the 32 mark.

Mild weather continued in Flor-
ida with a reading of 75 in Key
West and West Palm Beach and
69 in Miami.

The 40s and 50s prevailed from
the western Gulf Coast to the mid-
dle Atlantic Coast states. Readings
in the Far West were near nor-
mal levels.

Tower Use Is Offered for Education

By THE ASSOCIATED PRESS

LITTLE ROCK (AP)—Gov. Or-
val E. Faubus announced Tues-
day that station KATV, Channel
7, Little Rock, had offered the
state Educational Television Com-
mission use of some of its facili-
ties.

The offer is contingent, Faubus
said, on Federal Communications
Commission approval of KATV's
request for permission to move
its transmitter.

KATV's effort to take its anten-
na and transmitter from Jefferson
Springs, near Pine Bluff, to a site
southwest of Little Rock is being
opposed by the city of Pine Bluff
and other southeast Arkansas in-
terests.

Faubus said KATV had offered
use of the antenna and transmit-
ting power and would provide
space of an educational TV studio
on its land. In addition, the sta-
tion's professional staff would
help set up the new station.

KATV estimated its offer would
save up to 35 per cent of the cost
of the educational venture.

Faubus announced KATV's of-
fer as he named four persons to
the commission, which will su-
pervise setting up the station.

His choices Tuesday were for-
mer State Rep. T. E. Tyler of
Little Rock, Mrs. O. P. Hammons
of Forrest City, Mrs. J. R. Sink
of Newport and Mrs. Mary Doug-
las of Jonesboro.

Faubus said he would name the
other three members later this
week so the commission could be-
gin functioning.

The 1961 General Assembly, au-
thorized the state to go into the
educational television business
after a previous committee rec-
ommended such a move following
a two-year study.

The idea of using satellites for
communication was suggested by
Arthur C. Clarke, a British science
writer, as early as 1945.

Portuguese Firm Low

LITTLE ROCK (AP) — Con-
tructor Metalmecanicas, a Portu-
guese firm, submitted an apparent
low of \$148,350 Tuesday on a con-
tract for a crane to be used in
the powerhouse of Beaver Dam,

Invited to Return for an Address

MEMPHIS (AP)—Carl T. Row-
an, Negro assistant secretary of
state who was refused service at
the city airport coffee shop here,
has been invited to return to
Memphis to address a Negro serv-
ice club.

The newly formed organization,
Omnibus 100, wired Rowan ask-
ing him to speak at its regular
dinner meeting Feb. 10. The tele-
gram also expressed regret for
the Saturday airport incident.

now under construction near Rog-
ers. Army Engineers received 14
bids on the job with the Fulton
Shipyard of Antioch, Calif., second
low at \$172,977.

OH, MY ACHING BACK

Now! You can get the fast relief you need
from nagging backache, headache and
muscular aches and pains that often cause
restless nights and miserable tired-out
feelings. When these discomforts come on
with over-exertion or stress and strain
— you want relief — want it fast! Another
disturbance may be mild bladder irritation
following wrong food and drink — often set-
ting up a restless uncomfortable feeling.
Don't's Pills work fast in 3 separate
ways: 1, by speedy pain-relieving action to
ease torment of nagging backache, head-
aches, muscular aches and pains, 2, by
mild diuretic action tending to increase
output of the 15 miles of kidney tubes.
Enjoy a good night's sleep and the
same happy relief millions have for over
50 years. Large, economy size saves money.
Get Don's Pills today!

Calendar

Thursday, Jan. 25

The Ladies Bridge Luncheon at the Hope Country Club will be held Thursday, Jan. 25, at 12:30. Hostesses are Mrs. J. B. Martin, Mrs. Henry Fenwick and Mrs. Mitchell LaGrone.

Friday, Jan. 26

The Friday Music Club will meet at 4 p.m. Jan. 26 in the home of Mrs. B. W. Edwards with Mrs. Gilbert Thomas as co-hostess. Mrs. Clarence Geist will have charge of the program on "Music of France."

Girl Scouts Entertained

Girl Scout Troop 117 met Tuesday, Jan. 23 at the home of Mrs. Velda Scamand. Brownies and cold drinks were served to 13 members and two leaders by Sherry Crank.

The girls enjoyed learning to tie the sheep shank and bowlin knots. The meeting was adjourned to meet Jan. 30. Sherry Crank, reporter.

Bridge Club Meets

Dr. George Wright and R. L. Broach were high scorers at the weekly gathering of the Hope Duplicate Bridge Club Monday, Jan. 22 at the Diamond.

Of the 2½ tables of play, Mrs. E. P. Young Jr. and Dr. Harold Brents were in second place.

Bridge Club Meets

A local bridge club met with Mrs. Lloyd Spencer on Tuesday, Jan. 23. The two tables of play included one club guest, Mrs. E. M. McWilliams, who teamed with Mrs. Syd McMath for high score honors.

Coffee and dainty snacks were enjoyed during the games.

Russia - China

Continued From Page One

classical Mandarin Chinese which is widely understood in China, demanded in effect that Communists everywhere recognize the primary position of the Soviet Communist party in leading the Red international movement.

Considerable interest also was aroused here in an editorial from the Chinese Communist newspaper Peoples Daily that made a bitter attack on President Kennedy's State of the Union message.

Among other things the editorial indicated that the Chinese Reds are building up a new anti-American campaign—at a time when Soviet Premier Khrushchev still is talking about peaceful co-existence with the Western powers.

Kennedy has put his stakes on a split of the Socialist camp," the editorial said. "He and his ilk gloated over the dark clouds that temporarily overcast the Socialist camp; they openly indicated that the prospects were more encouraging than previously to the Western world."

What intrigued the government experts was the admission that "dark clouds temporarily overcast the Socialist camp." Just how dark they are is something that even the best informed men in the U.S. government are unsure of.

But the tendency in official quarters here is to discourage any hope of any real weakening in the Communist bloc or any early gain for the rest of the world from the dispute.

The reason is that Moscow and Peking are really arguing about the best way to try to bring the rest of the world under control.

Convicts Case Poses a New Problem

LYNN, Mass. (AP)—Massachusetts officials today had a new problem to consider in the case of Kimble Berry, 24, wanted by the state of Mississippi as a fugitive.

A district court Monday heard a charge of illegitimacy against him. Berry pleaded innocent to a complaint that he was the father of a baby born Oct. 18 to a girl, now 16. Police officials said they understand the couple wishes to marry. While on parole, Berry came to Massachusetts early in 1961 but returned later to Mississippi where he was picked up for parole violation.

A warrant had been out for Berry since the girl signed a complaint last July 25 that Berry was the father of her then unborn child. No attempt was made to serve it because he was then in prison in Mississippi. Service was withheld pending resolution of the Mississippi request for extradition. It was finally served because of the possibility that Berry may be returned to Mississippi.

Hearing on the new accusation was set for Jan. 31, the same day the Lynn District Court will conduct its hearing on a Fugitive warrant. Berry is now free on \$5,000 bond while Massachusetts officials consider aspects of

Building Destroyed PHILADELPHIA (AP) — A general alarm fire destroyed a five-story building housing several clothing manufacturers today but 300 firemen kept the blaze from spreading to several historic landmarks including the Betsy Ross house.

Berry's story that he was actually released by Mississippi state officials to recover some \$300,000 of a half million in burglary loot supposedly placed in an Arkansas bank safe deposit box.

The Mississippi House of Representatives has authorized investigation of any possible involvement of state officials in the alleged plan to recover the supposed cache.

Gov. Ross Barnett of Mississippi said the episode may have stemmed from a false story told by another convict in the hope of winning freedom for himself. Berry said he was given a car and a brief case and sent to a bank, but fled to Massachusetts when he began to suspect he was walking into a trap and would be killed.

Miss Judy Ray McDowell

Mr. and Mrs. Ray E. McDowell of Hope, announce the engagement of their daughter, Judy Ray to Jimmy Marion May, son of Mr. and Mrs. Herbert C. May of Bodcaw.

The bride-elect, a graduate of Hope High School, is now a senior at Texas Woman's University in Denton, Texas, where she is a Sociology Major and a member of Chaparral Literary Club.

Jimmy also a graduate of Hope attended Ouachita Baptist and Texarkana Junior College and at present is in Administrative Technical School with the U.S. A.F. in Amarillo, Texas.

The couple plan an April wedding in the Little Chapel-in-the-woods on the Texas University Campus.

Absences Blamed on Influenza

FAYETTEVILLE, Ark. (AP) — School officials here said today that the rate of absences currently is running about 25 per cent, a situation they blamed on a high incidence of influenza.

The customary absenteeism is about five per cent, the officials said.

At Little Rock a spokesman for the State Health Department said his agency had not received reports of any unusual flu outbreaks. He added, however, that a considerable amount of flu and similar illness was to be expected. He noted that reports to the department are customarily made by mail, and said there might be a time lag before it was notified except in case of serious epidemics.

Warns Some

Continued From Page One

ations of the Organization of American States on the ground that the revolutionary regime does not represent Cuban people. The door would be left open for Cuba to return to the hemispheric fold should Castro change his ways or should an anti-Communist government emerge in Cuba.

Isolation from the OAS is a penalty far milder than the diplomatic and economic sanctions President Kennedy's team had hoped for when it came to the Inter-American foreign ministers' meeting. Despite fears of congressional anger that would produce opposition to Alliance for Progress appropriations, the U.S. delegation could do little in the face of the opposition from Brazil, Mexico, Argentina and Chile to stiff penalties.

A joint proposal to isolate the Castro government from OAS activities was reported worked out early today after a three-hour conference of the foreign undersecretaries of Argentina, Brazil, Mexico, Chile, Ecuador, Bolivia and Haiti, a group which has come to be known here as the "outer seven."

The proposal was to be submitted today to the seven nations' foreign ministers and then to the Central American delegations for their concurrence before its introduction before the conference.

A Chilean spokesman reported all differences within the outer seven had been resolved but declined to give details. It was understood the proposal would draw a difference between the Cuban government and Cuba as a nation because Brazil and some other nations contend Cuba is still geographically in the American family and cannot be read out of the organization.

Few if any delegates looked for any change in Cuban policies as

DOROTHY DIX

Mother's Past a Barrier

By HELEN WOREN EREKINE

Dear Helen: My mother did things to hurt my father when I was a child, such as tramping around with other men. Being sensitive, this hurt me too. It still does deep down inside. Even though I now understand better.

Mama was beautiful and gay and loved a good time. All Papa wanted was to stay at home with her and me. He died a year ago and she came to live with us.

She sees the worst side of everything. No matter how bright the sun may shine, she will scowl at the blue sky and say, "A day like this means rain tomorrow." Nothing I do is right.

Maybe it is because she knows I can't forget what is gone before, but my husband and I do our best to make her happy. I take real pleasure in buying her nice clothes for if she turns the corners of her mouth up instead of down, she would still be pretty.

Yesterday my husband said, "Mom, spring is coming. You need a new hat," and handed me money to buy her one.

"Come on, Mom," I pleaded, "get ready and we will do the town; window shop, lunch at some store and find you the loveliest hat ever."

You would have thought we were going to a funeral. No matter what, she complains until life isn't worth the living. My husband and I are building a business of our own and working at it hard so we can give the children the start I didn't have in life. You would think we were doomed to fail, the way Mom carries on. Am I wrong in still feeling hurt?

Dear M: You are working from the outside in. Dosing your mother with pretty clothes like so much soothing syrup, won't cure

a result of the conference's action, and Cuban delegates scoffed at the idea of the Havana regime being shelved in the OAS.

"We just do not care about that trash," said a member of Castro's delegation.

Any action taken by the conference unanimously is certain to be hailed publicly as a signal victory for the anti-Communist cause. The argument was heard that even holding such a meeting on Cuban subversion would have been politically too risky six months ago, before the Alliance for Progress program was adopted and before Castro publicly embraced Marxism-Leninism.

Privately many observers wonder whether the United States will emerge with a result which could prove worse than nothing.

Cuba already has been excluded from the OAS Defense Committee and deliberations of any other sensitive OAS body. U.S. sources say the proposed quarantine will not exclude the Castro regime from such humanitarian activities as hemispheric health and sanitation consultations. Therefore, while on the record Cuba may be eliminated from OAS bodies, actually nothing will happen which was not the case before.

Dear Helen: I broke my engagement to a boy I didn't love, then, because he cried the blues, foolishly dated him a couple of times. This is causing friction between me and a boy who is now my world.

We work in the same office, share the same interests, and are of the same faith. (The other boy and I were not.) We became engaged a year ago despite the nuisance this first boy was making of himself by phoning, crying and generally being an "it."

The scenes were too much for my fiancé. He gave me the cold shoulder. My mother and his have tried to reason with him but to no avail. He knows I am writing this letter. We will both be watching your column for the answer. He is 20, I am 22. —Bothered

Dear Bothered: This doesn't sound like true love on either side. Had it been, you would not have dated the ex-boy friend. On the other hand, if your new fiancé sincerely cared, he would trust you no matter what. He winces because his ego, not his heart, is denied. It could be that neither of you is yet mature enough to love deeply. Don't force the issue. This situation calls for time out on

both sides.

Dear Helen: I am a woman in my sixties, single, a property holder and financially independent. One Sunday evening recently, I was called from church service by neighbors who said burglars were entering my house. I hurried home, picking up a policeman on the way.

Instead of burglars, I found my niece and her husband loading everything back. A family friend, who happens to be a magistrate, has wanted them to stay away from my property. Now my niece and her father threaten to commit me to an asylum.

What is my next action—to sell and move away or stay and fight? I hate family feuds and am very peaceable by nature. This frightens me. —Reader

Dear Reader: As I often say, relatives turn from cooing doves to howling hyenas when money is involved. If you leave town, they will only give chase. Stay and fight it out. Post a "Will Prosecute" notice against all trespassers. Hire a patrol agency to guard your house, and ask the magistrate to recommend a competent lawyer. Take the aggressive.

Send your problems to Helen Worden Erskine, care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "Disposition."

TWO THAT CAN'T BE BEAT!

Have you been looking for about 20 acres with a new 3 bedroom home and located close to your job, with school bus and mail service at your door. - We have two of them. One located on paved State Highway No. 29 approximately 5 miles out, spring branch runs through property.

Trading Is Moderate on Market

NEW YORK (AP) - The stock market went through another typical 1962 performance with prices losing ground on balance early this afternoon in moderate trading.

The Associated Press average of 60 stocks at noon was off .60 at 254.60 with industrials off .90, rails off .20 and utilities off .40.

Even the aerospace issues, which received some stimulus last week from Washington plans for increased sending, edged downward. The general run of losses was moderate and the decline was resisted by a scattering of issues here and there. A selection of stocks, however, took fairly sharp losses.

Crown Cork was down about 5, Ford and Polaroid off more than 2.

International Business Machines slumped 5 points.

Interstate Department Stores, one of the biggest gainers in 1962, was clipped for a 4-point loss. U.S. Steel fell more than a point.

General Motors eased and Du Pont was off a fraction.

Xerox sank 2 1/4.

GOPs Fear a Flop in Fund Raising Push

By JACK BELL
WASHINGTON (AP) - Hard-pressed Republicans are facing what some of them fear may be a near financial flop in their Feb. 1 across-the-nation fund raising spectacular.

Because of this there is grumbling behind the scenes about what organization Republicans contend is a continuing effort to tap wealthy Eastern contributors for funds to help former Vice President Richard M. Nixon in his race for governor of California.

Some of these Republicans thought they had detected a new touch in invitations sent out by Eugene McGovern, Long Island contractor, for a luncheon with Nixon at the Waldorf Astoria.

But McGovern, who served in the Navy with Nixon during World War II, said in a telephone interview it was "just a sentimental occasion." McGovern, who worked with the Nixon-Lodge volunteers in New York's Westchester County in 1960, denied there was any thought of raising funds for Nixon's campaign.

However, Republicans charged with raising funds for this year's congressional and senatorial campaigns feel that too many trips are being made to the usually reliable wells of party contributions.

They have had to revise downward their hopes they might net \$500,000 or more from the closed-circuit television appearances Feb. 1 of Nixon, former President Dwight D. Eisenhower, Gov. Nelson A. Rockefeller of New York and Sen. Barry Goldwater, R-Ariz.

Because they have had to put up about \$250,000 to bring off the closed-circuit deal, some of them feel they may be lucky to net \$300,000.

This is a far cry from the \$1 million or more they used to bank when Eisenhower was president. It compares with the \$550,000 the Democrats took home from President Kennedy's inaugural anniversary dinner last Saturday night.

As some party leaders now view it, they may have to depend on a Cleveland dinner, at which Goldwater will speak, and a Washington affair for their largest share of receipts.

National Chairman William E. Miller will serve as master of ceremonies at the Washington dinner. It will be held in a hotel with a seating capacity of about 1,300 persons, compared with the 6,000 the Democrats crammed into an armory for Kennedy's second-year sendoff.

The GOP sponsors weren't successful in lining up a big-time dinner in New York, so Rockefeller will speak in Des Moines, Iowa.

JFK Worried About Dairy Industry

WASHINGTON (AP) - President Kennedy told a national dairy and nutrition conference today that he regards the recent decline in use of milk as a very serious matter.

To point up his own intention to do what he can about it, the President drank from a glass at the speaker's stand and announced that he has directed that milk be served at every White House meal from now on.

The downturn in consumption is serious not only for agriculture and dairy farmers but for the country as a whole, Kennedy said, and added:

"It implies poor nutrition."

Kennedy said he doubts that anyone knows the full reasons for the decline in milk consumption last year, which he said was down 2.5 per cent from 1960. He said apparently there were such matters as concern over radioactive contamination, weight control and concern that milk fats contribute to coronary ailments.

Kennedy said that for the foreseeable future health authorities have made it "abundantly clear" that there is no danger from radiation exposure.

In the matter of coronary diseases, he said, nothing has been established to show a connection with consumption of milk except in a few cases.

Graham Refused
BARRANQUILLA, Colombia (AP) - Billy Graham has been denied permission to hold an evangelical service in the city baseball stadium.

Mayor Ricardo Gonzalez said he withdrew permission because an advance group had been "proselytizing and propagandizing" for Graham's crusade in violation of the constitution.

Gonzalez said that only the Roman Catholic Church is allowed to propagandize in Colombia. Supporters of the American Baptist evangelist have been distributing pamphlets and posting signs, the mayor said.

age at noon was off 2.75 at 699.23. Prices were irregularly higher on the American Stock Exchange. Corporate bonds advanced. U.S. government bonds were unchanged.

BLOW ME DOWN-It's a fair wind that gently propels this makeshift craft as Avie Marie Jenkins uses lung power for propulsion. Avie, Miss University of the University of Florida, is conducting her unique experiment at Silver Springs, Fla. She believes in keeping abreast of things.

Chapter XXVII

With Walkowicz in the van, the crew marched up the hill where the truck and its piggy-back bulldozer waited for them like a great prehistoric monster.

Their animal energy was a cheerful rebuke to old Spain, an impudent nose-thumbing at manana and siestas and idle lazy talk over wine in the sun. Walkowicz prodded everything along with shouts and gestures.

Tools were broken out: air-hammers, sledges, coils of rope and cable, tripods fitted with telescopes, and plumb lines—all this gear was passed down to competent, calloused hands. The tailgate of the truck was unshingled with a crash, and steel tracks were cranked into place to accommodate the bulldozer in its triumphant, rattling descent to the ground.

The bulldozer's blade was carried high in the air, in a kind of mechanical salute to Dennis whom we could see waiting for us with a pick in his hands.

Hopping off the bulldozer, Walkowicz said, "We hears some talk around the village you're trying to fix up this road. That right?"

Dennis smiled happily. "Why yes, as a matter of fact."

"Well, we figured maybe you could use some help. I mean, we don't want nothing for us with this bulldozer's going to be around for a few days, and the guy hauling it says we're welcome to use it. So we'd be glad to pitch in, if that's okay with you."

"It's most kind of you," Dennis said. "Of course, I'd be delighted."

Walkowicz turned and bawled orders at his crew.

Soon the air was shaking with the machine-gun blast of air hammers and the cranking roar of the bulldozer.

Dennis tried several times to get the foreman's attention. Walkowicz stared at him. "Yeah?"

"Well, I was just wondering what you want me to do?"

"You? Well, I guess you'd just better keep out of the way."

Dennis smiled. "Oh, I can't let you chaps do all the work. It wouldn't be fair. I want to help, of course."

"Look, Mac," Walkowicz said patiently. "It's nice that you want to pitch in. I appreciate it. But this is American equipment and it'd be my job if you busted any of it."

Dennis and I retreated to the gates of the Snail.

The next morning the racket of the bulldozer and air-hammers shattered the peace of my terrace. I moved inside for breakfast. With the doors and windows closed it wasn't too bad, although I could still hear a faint rumble vibrating against the windowpanes.

After a second cup of coffee I settled down with the papers. Finally—I'm not sure how much later—I raised my head. For an instant I didn't understand what had disturbed me; eventually I realized that it was the silence.

The noise up the hill had stopped; the bulldozer and air-hammers weren't working. I looked at my watch. It was only 10:30. Too early for a lunch break.

While I was wondering about it Terry came in.

"They've arrested Dennis again," she said.

"What!"

"Don Julio took him off to jail just a few moments ago. And he's made the Americans clear off the hill. They had a grand big argument about it. The Americans were saying it's a stupid and ungrateful country that wouldn't accept a free road. And Don Julio

May Defend Self by Running Again

LITTLE ROCK (AP) - Gov. Orval F. Faubus hinted today that legal attacks on his administration could force him to have to defend it.

Newsmen thought he was talking about running for a fifth term, but Faubus said he didn't mean that.

He still refused to disclose his future political plans.

The matter came up during a discussion of a lawsuit filed last week attacking constitutionality of the Revenue Stabilization Law and some appropriation acts.

It was pointed out that Faubus didn't instigate the acts.

He replied that, "If I can be kept from doing a good job as governor, these people (those behind the lawsuit) figure I won't gain much favor with the people."

"Some one could be put in a position of having to defend his administration. It is possible to persuade me but difficult to drive me."

Raps Indifference to Government

MONTICELLO, Ark. (AP) - Chief Justice Carlton Harris of the Arkansas Supreme Court told the Arkansas A&M graduating class Monday night that indifference toward government must be replaced by intelligent interest if our democratic way of life is to survive.

Although freedom of speech is guaranteed by the Constitution, he said, free expression today is "only at the peril of castigation from those who disagree."

"We have many groups and individuals who hold extreme views at either end of the political spectrum," he said, "and they do not tolerate disagreement with their beliefs."

Sixty-six seniors received degrees at the commencement exercises.

India Assures, No Military Move

NEW DELHI, India (AP) - Informed sources said today India has assured the United States it is not planning any military moves against Pakistan in Kashmir, and that the United States is believed to have passed this word to Pakistan.

U.S. Ambassador John Kenneth Galbraith returned to New Delhi Monday and had a meeting with Prime Minister Nehru. An embassy spokesman said Galbraith did not deliver any letter from President Kennedy, but declined to comment on whether a message had been delivered orally.

Bucks Hand Bobcats First District Loss

By VINCE FOSTER

The district leading Smackover Buckaroos handed the Bobcats their first conference loss in a wild shooting contest that ended with Smackover 75, Hope 55. In the preliminary game the Kittens came from behind to win easily 41-27. At the County Tournament in Spring Hill, the Hope Senior girls advanced by whipping Blevins 47-37, but the "B" team was ousted by Guernsey 51-35.

At Smackover, a hot scoring five Bucks and a pair of lenient referees proved to be the downfall for the Cats. They trailed 14-10, 28-21, 52-41 and 75-55 after each respective quarter. Missing only one last year starter, the Bucks still play the fast, rough game they are known for.

Porterfield led Hope with 15, followed by Murphy with 12, Roberts with 10, Powell with 9, Jones 6, Russell 3 and Hooten 2.

In the junior game, the Kittens started slow and trailed 10-8 in the first quarter, but went ahead 19-12 at the half. They outscored the Baby Bucks 12-6 and 11-7 in the second half. Burnett was high with 16, followed by McNitt with 15, Jordan 4, and Ingram, Parris and Guernsey sank two each.

The Hope Lady Cats led Blevins all the way by sinking 46-7 from the field and 56-7 from the

Sailors Tops in State Colleges

By THE ASSOCIATED PRESS

Ken Sailors of Arkansas Tech is without a serious competitor for individual scoring honors in the first Arkansas Intercollegiate Conference basketball race.

Figures released by Commissioner Cliff Shaw show Sailors with 331 points and an average of 31.2 a game.

Howard Lamb is a distant second with 341 points and a 22.7 average.

Wayne Davenport of Ouachita and Francis Rogers of Arkansas College have a duel going for 41-27. At the County Tournament in Spring Hill, the Hope Senior girls advanced by whipping Blevins 47-37, but the "B" team was ousted by Guernsey 51-35.

At Smackover, a hot scoring five Bucks and a pair of lenient referees proved to be the downfall for the Cats. They trailed 14-10, 28-21, 52-41 and 75-55 after each respective quarter. Missing only one last year starter, the Bucks still play the fast, rough game they are known for.

Porkers Play Tulsa, Then Hit Conference

By THE ASSOCIATED PRESS

TULSA, Okla. (AP)—An Arkansas boy is expected to be the chief problem of the Arkansas Razorbacks when they meet Tulsa tonight in an intercollegiate basketball game.

The potential troublemaker is James King, a Hurricane junior who played with Porker Tommy Boyer of Fort Smith's state championship team of 1958-59. King is the Missouri Valley Conference's leading scorer and he pumped in 21 points against Arkansas back in December when the Hogs took an 87-59 triumph.

King was the only Tulsa player to hit double figures against the defensive minded Hogs. He's a 6 foot 2 inch playmaker as a pointmaker.

Arkansas Asst. Coach Duddy Waller said Tulsa has improved since the earlier meeting. Waller scouted the Hurricane's upset of Wichita last week.

Tonight's game represents a brief resumption of activity for Arkansas. The Porkers have been idle since Jan. 12 for mid-term exams and, after tonight, they have a six-day rest before resuming conference play against Rice at Fayetteville next Tuesday. Arkansas takes a 10-3 record into the game.

Boyer, a 6-6 stalwart, will team with Larry Wofford, 6-5, and another member of the 1957-58 Fort Smith squad, Jim Wilson, 6-6; Jerry Carlton, 6-1, and Jerry Rogers, 6-2, in the Arkansas starting lineup.

Prep Game Won't Cost Eligibility

LITTLE ROCK (AP)—Johnnie Burnett, executive secretary of the Arkansas Athletic Association, said Tuesday participation in the so-called All-America Prep football game next May apparently won't cost an athlete any college eligibility.

Burnett added, however, that he is not an expert on National Collegiate Athletic Association rules. Burnett said, too, that the AAA does not approve of the game and will not sanction it.

The All-America game, sponsored by the Wigwam Western of America, an Oklahoma City organization, pits top prep players from across the nation in an East-West game. The annual contest has been played at several locations, including Memphis.

The NCAA has a rule that an athlete who plays in an all-star game between graduation and enrollment in college loses his first year of varsity eligibility, unless his state athletic association sanctions the game.

Sponsors of the All-America game got around that rule by scheduling their contest in May, before most high schools graduate. Burnett said the schedule change apparently clears an ath-

Robinson, Feller to Hall of Fame

By JOE REICHLER

and JACK CLARY

STAMFORD, Conn. (AP)—Jackie Robinson, the first Negro elected to baseball's Hall of Fame, said today he is happiest because of the "effect it might have on humble people like myself."

"I am hoping it will make them realize," continued Robinson, 42, now graying vice president of a national restaurant and coffee packing concern, "that people can come from humble beginnings and with luck and perseverance can move ahead."

Robinson was elected to the shrine Tuesday along with Bob Feller. Like Feller, the former Brooklyn Dodgers' infielder made it the first time he was eligible for the ballot.

Robinson has a luxurious home on the outskirts of Stamford and commutes to his job in New York.

"No one had more humble beginnings than I did," he reminisced in his richly appointed living room while his wife, Rachel, sat by his side. "Why, at one time I was practically a juvenile delinquent. I didn't know where my next meal was coming from."

"And now to end up like this. You have to thank God for having a mother like I have who taught me right from wrong and for guiding me to my wife."

Jackie said that as soon as his wife told him of his election when he arrived home from New York, he telephoned his mother in Pasadena, Calif., and Branch Rickey, who brought him up to the Dodgers and thus broke the color line in the major leagues.

"I felt they deserved this great honor along with my wife as much as I," he said. "I didn't want either of them to find out from anyone else before I told them."

Robinson said he was not sure under the NCAA regulation. Several Arkansas prep stars have been invited to play in this year's All-America game. A site has not yet been selected.

Robinson said he was not sure under the NCAA regulation. Several Arkansas prep stars have been invited to play in this year's All-America game. A site has not yet been selected.

Yerger Takes 2 of 3 Games at Blevins

By THE ASSOCIATED PRESS

In three games at Blevins last night Yerger teams of Hope came home with two victories.

The Junior boys of Hope took a 34-23 decision after leading at halftime 19-14. Davis made 13, Stuart 12 and Green 7. High for Blevins was McGill with 10.

The Yerger Senior girls eked out a 28 to 25 victory. Outstanding for Hope was Lonsky with 13, Daniel 8, Spencer 4 and Wilson 3.

The senior boys were out of their class and went down to a roaring 63-23 defeat.

The Tigers will play a March of Dimes benefit game tonight with Clow Training School and Friday night Yerger will go to Mayview for a district game.

Radio Man Seeks Seat in Senate

LITTLE ROCK (AP)—L. L. (Doc) Bryan, manager of radio station KXJ at Russellville, filed today for the state Senate from the 10th District, which embraces Pope, Conway and Perry Counties.

He became the first official candidate for the job, now held by Robert Hays Williams, Russellville lawyer.

Bryan, 41, submitted his pledges to Secretary of State Nancy Hall. He has not sought public office before.

Bryan served in the Navy in World War II. He has been with KXJ for 13 years.

He is married to former Evelyn Chronister, of Russellville. They have two daughters, Linda, 16, and Becky, nine.

who led at the half 51-27.

Auburn's shuffle offense clicked in the second half against Georgia Tech, and the Tigers recorded their ninth victory in 14 outings, a game that doesn't count in the SEC standings. Auburn overcame a 25-23 halftime disadvantage.

while limiting the cold-shooting Yellow Jackets to only 15 points after the intermission. Layton Johns of Auburn garnered scoring honors with 15 points.

Virginia Tech switched successfully from a zone to a man-to-man defense for the third straight game, and the maneuver again worked against Tennessee. The victory was the Gobblers' 29th in a row at home and lifted their record to 9-4. Lee Melear provided VPI's scoring impetus with 22 points, and Howie Pardue contributed 21 as the Gobblers led at halftime 41-32. Orb Bowling led the Vols with 18.

Chicago Loyola coasted to an easy victory over host New Orleans Loyola, racing to a commanding 61-31 bulge at the half. Jerry Harkness set the scoring tempo for the Chicagoans with 29 points, and sophomores Les Hunter and Vic Rouse chipped in with 24 points apiece. The Ramblers' record is 11-2.

The Redmen have appeared in 15 National Invitation tournaments and three times have been selected for at-large berths in the NCAA championships.

With most of the schools taking midyear examinations, action was again sparse in college basketball circles Tuesday night. In games involving major teams, Wisconsin outclassed North Dakota State by 102-50, Auburn throttled Georgia Tech 52-40, Virginia Tech subdued Tennessee 83-73, Chicago Loyola rolled over New Orleans Loyola 96-73, Georgia humbled Georgia Southern 70-58, Ohio University whipped Muskingum 83-68, Akron nipped Kent State 71-70, and Tennessee Tech turned back Middle Tennessee 61-58.

Ellis' 31-point scoring output for St. John's, his season's high, gave him a career total of 1,009, and he became the seventh Redman player to reach the 1,000-point mark.

Wisconsin of the Big Ten ended a two-week layoff in boosting its record to 9-3 at the expense of nonleague foe North Dakota State. Ron Jackson, who will be ineligible in the second half of the season, was high for the Badgers.

St. John's University, consistently one of the nation's leading independent major college basketball powers, once again seems destined for a postseason tournament bid.

The New York Redmen polished off touring Canisius of Buffalo 81-68 Tuesday night for their fifth straight victory and 11th in 14 games. LeRoy Ellis, St. John's 6-10 center, produced most of the scoring punch with 31 points, 21 in the first half. The swift senior also snared 15 rebounds.

The Redmen have appeared in 15 National Invitation tournaments and three times have been selected for at-large berths in the NCAA championships.

Stock Market Racketeering Under Probe

By LOUIS G. PANOS

WASHINGTON (AP)—Atty. Gen. Robert F. Kennedy said today the Justice Department is investigating what he called attempts by "major racketeers" to move into the stock trading business.

He emphasized in an interview that the probe does not involve the over-all operation of any stock exchange and is not connected with a Jan. 6 report by the Securities Exchange Commission charging abuses by officials of the American Stock Exchange.

"There have been some efforts by major racketeers to get into the stock field," Kennedy said. "Now, I'm not saying that stock exchanges are controlled by racketeers," he added.

He did say crime figures have branched out into stock dealing, in keeping with their pattern of investing in legitimate businesses with money obtained from gambling and other illegal enterprises.

Kennedy did not detail the illegal nature of any stock market activity by underworld elements. Other Justice Department sources said, however, it sometimes involved the manipulation of stock prices.

One department official said the operations were in line with "gangster infiltration of real estate, vending machines, night clubs, beer distributorships, produce, trucking, hotels and motels, manufacturing and construction businesses."

Kennedy said his department had been checking on the move into the stock field for some time. "But I think it's become more pronounced in the last several years," he said. "It's not a matter that has swept the country. It does exist in several cities."

Fight Results
